DITTO STEREO LOOPER

Highly Intuitive Looper Pedal with Stereo I/O and Loop Import/Export

- Highly intuitive looper pedal built for guitarists expands on the classic DITTO LOOPER with stereo I/O and loop import/export
- Stereo inputs and outputs for major setup flexibility – you can even plug in 2 instruments
- Export loops to PC or Mac* to work with in your DAW, and import complex backing tracks into the looper to impress on stage
- 5 minutes of looping time with unlimited overdubs and undo/redo for total creative freedom
- True bypass allows for optimum clarity and zero high-end loss when the pedal is off
- Analog-Dry-Through maintains total integrity of analog dry signal path even when looper is engaged
- 24-bit uncompressed audio for ultimate sound quality
- Access a wealth of StarJam loops by famous guitarists for hours and hours of fun, practice, and inspiration
- Runs on 9 V batteries or POWERPLUG 9 power supply to fit your needs (not included)
- Compact format fits on any pedal board
- 3-Year Warranty Program*
- Designed and engineered in Denmark

A Wider Loop Perspective

The most intuitive and amazing looper known to musickind is back. Packing a wealth of cool creative features that'll see you jam along with the cream of the crop in music today via the innovative StarJam feature, while creating multi-layered masterpieces in seconds flat. But first and foremost, DITTO STEREO LOOPER is here to give all you loop lovers what you've been craving the most – dirt simple looping in stereo!

- Super intuitive – Made by guitarists for guitarists
- Stereo I/O
- Loop Import/Export and Backing Tracks

DITTO STEREO LOOPER

Highly Intuitive Looper Pedal with Stereo I/O and Loop Import/Export

Ditto Through and Through

If it ain't broke, don't fix it and why should you when you have made something musicians truly love? That's why even though we've added some new features, we've preserved everything that's good about Ditto Looper: the ultra-simple design, the 5 minutes of looping time and unlimited overdubs all packed in a highly pedalboard-friendly enclosure. So if you liked Ditto Looper, you'll love DITTO STEREO LOOPER.

You – In Stereo

There's nothing like that super-wide sonic perspective you get from a stereo rig, it just rules! So why should stereo devotees not have a high-quality compact looper just like the mono-riggers? That's why DITTO STEREO LOOPER offers first-rate stereo I/O options alongside True-Bypass, Analog-Dry-Through, the option of running on a 9v battery and 24-Bit uncompressed audio for maximum you. So loop that E-chord and be blown away over and over and over again.

Rock with the Best

In order to progress as a musician you need someone that constantly pushes you and your creativity to its very limits and beyond, and who's better suited to do exactly that than the world's greatest musicians! Enter StarJam, a cool and innovative concept that lets you load pre-recorded loops made by the likes of John Petrucci, Steve Morse, Guthrie Govan and Paul Gilbert into DITTO STEREO LOOPER, supplying you with hours of inspiration so you can progress to the next level. We won't promise fame, glory and hot tubs, but we will promise an instant boost in creativity and fun!

How Do You Ditto?

DITTO STEREO LOOPER makes looping as easy as 1-2-3. No hassle or needlessly complicated stuff, Ditto Stereo Looper is boiled down to the essentials and makes control intuitive yet flexible, so guitarists can focus on what matters most: playing and performing. You press once to record, press once again to play the loop. Press once to add another layer of sounds (something you can keep repeating until you run out of ideas). You press and hold to Undo a layer and press and hold again to Redo. Press twice to stop, after which you can press and hold to clear the loop. Ah, if only life were this simple.

You Are Covered

We always strive to provide the best possible Customer Experience. Our products are made in our own MUSIC Tribe factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world. As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous Warranty program.
